### Waitlist Supports Program

Our **Waitlist Supports Program** is designed to provide support services to service providers and agencies that offer long term housing. Our structured and supervised setting provides transitional housing supports while your client awaits permanent placement with your agency's program.

The Waitlist\* Supports program is applicable to Permanent Housing and Addiction/Rehabilitation Providers:

-  If your client is waiting for a permanent unit, we can provide transitional housing
-  If your agency's housing program has a client that can no longer live independently, SupportiveLiving.ca can house these clients allowing organizations to free up their waitlists
-  We provide an environment where your client can maintain sobriety in a structured setting before they are admitted into a rehabilitation program
-  Upon discharge from a rehabilitation program, clients can return to SupportiveLiving for permanent or further transitional housing

***\*This program is not available for long term care or nursing home waitlists***

The program is currently being offered at SupportiveLiving.ca homes in our Niagara and Western Regions in Ontario and is affordable to all ODSP Clients. All SupportiveLiving.ca housing units include room and board, 3 meals + snacks/day and housekeeping.
